

Using 8.5 x 11 sticker stock,
4 stickers per page,
.25" border all around printing on each sticker,
'Sticker' below is actual size.

The stickers can be any bright color but I've chosen a pastel for easy proofing.
I'd recommend a light fluorescent green, I think that red or orange is a 'bad' or 'danger' color, whereas green is a 'good' color, but noticeable.

Remember, this sticker is to be stuck to the recyclable item, so "recyclable materials such as this" refers to the banned item to which it is stuck.

Sorry, we are unable to pick up this item with your trash.

State and local laws ban recyclable materials such as this from the trash, and forbid us from picking them up with your trash.

Clean Cardboard can be disposed of in two ways:

1. Flatten and either fold or cut to a size not larger than 30" by 30". While Bundling or bagging your cardboard is preferred for ease of pickup, flattened boxes may also be placed under your recycling bin, or standing up between recycling bins -OR-
2. Flatten and take to drop-off **[if applicable to your town]**

For instructions on how to dispose of other items properly, please see **[your town's webpage, recycling guide, brochure, etc.]**

Trash costs much more to dispose of than to recycle. Recycling saves your tax dollars and the environment.
